June 2, 2023 - 9.30 AM to 6.00 PM

G20 and C20

India's G20 presidency revolves around the theme of "Vasudhaiva Kutumbakam," which translates to "One Earth, One Family, One Future." With this profound principle, India is executing its responsibilities as the G20 chair by fostering global unity and cooperation. The country is actively engaging with member nations to address pressing global issues, promote sustainable development, and create a better future for all.

The C20, or Civil Society 20, is an integral part of the G20 framework. It serves as a platform for civil society organizations (CSOs) worldwide to voice the aspirations and concerns of people to the G20 world leaders. The C20 plays a vital role in facilitating meaningful discussions and collaborative efforts through various working groups. One such significant group is the Sewa – Sense of Service, Philanthropy, and Volunteerism working group.

This group organizes a range of knowledge-sharing events, both in physical and virtual formats, to encourage broad participation and create a democratic space for shared deliberations.

The Sewa – Sense of Service, Philanthropy, and Volunteerism working group under the C20 demonstrates India's commitment to inclusivity and active engagement with civil society. By organizing events that involve diverse segments of society, this working group ensures that multiple perspectives are considered in shaping policies and actions. Through these efforts, India seeks to provide a platform where CSOs from around the world can express the aspirations and concerns of the people they represent to the G20 world leaders. The ultimate goal is to foster a collaborative and inclusive approach that reflects the democratic values and aspirations of a global community.
